Subject: [External] 150 main st

My belief was that 150 main st Cambridge was not considered for the CTS site 2 years ago. Cambridge has been clear about these sites over and over. I guess it does not matter what the taxpayers want. I live in the neighbourhood of the site and was not notified nor was able to voice my opinion.

I am appalled at the underhanded way this has transpired. You exclude your own councillors??

Democracy does not seem to exist anymore.

I am a Cambridge homeowner so maybe I can arbitrarily decide not to pay taxes since not only does my vote not count I don't even get one.
