Year	2025		
Project Type	Renewal	Project Start Date	1-Jul-25
Department	Community Development	Project Completion Date	31-Dec-25
Strategic Alignment	NA	Project Manager	Steven Huang
PRIORITY RANKING SCORE			775

Project Details					
Project Description					
Guelph Avenue Bridge sidewalk reconstruction and pedestrian railing rehabilitation. The sidewalk on the bridge continues to deteriorate and requires reconstruction to address tripping hazards and ongoing deterioration. The pedestrian railing also requires rehabilitation as identified through structural inspections.					
Project Justification					
The sidewalk reconstruction and railing rehabilitation of Guelph Avenue bridge is recommended to prevent further damage to the bridge and address the ongoing deterioration.
