Subject: Vote yes on tonight's motion for no forced removals during extreme weather

To whom it may concern,

I am writing today to express my support for tonight's motion on preventing the forced removal of unhoused persons during extreme weather events. I believe that a government's top priority should be the safety and dignity of all its people, and forcibly removing someone from shelter during extreme heat or cold or floods violates this principle. I think an investigation into this matter is an important first step for the city to take, which is why I am in support of the Hamilton-Earnshaw motion and I hope the councillors will vote to approve it tonight.

Thank you,
Laura Gracie
