

**Request for a renewed City of Cambridge
investment in community health care.**

The Incredible Impact of Community Support

City of Cambridge, your gift to the WeCareCMH Campaign helped us equip our new wing with tools and equipment vital for patient care.

Now that Wing A is open, and we have begun our Phase 3 renovation, we must look to our community every year to support additional new and replacement equipment.

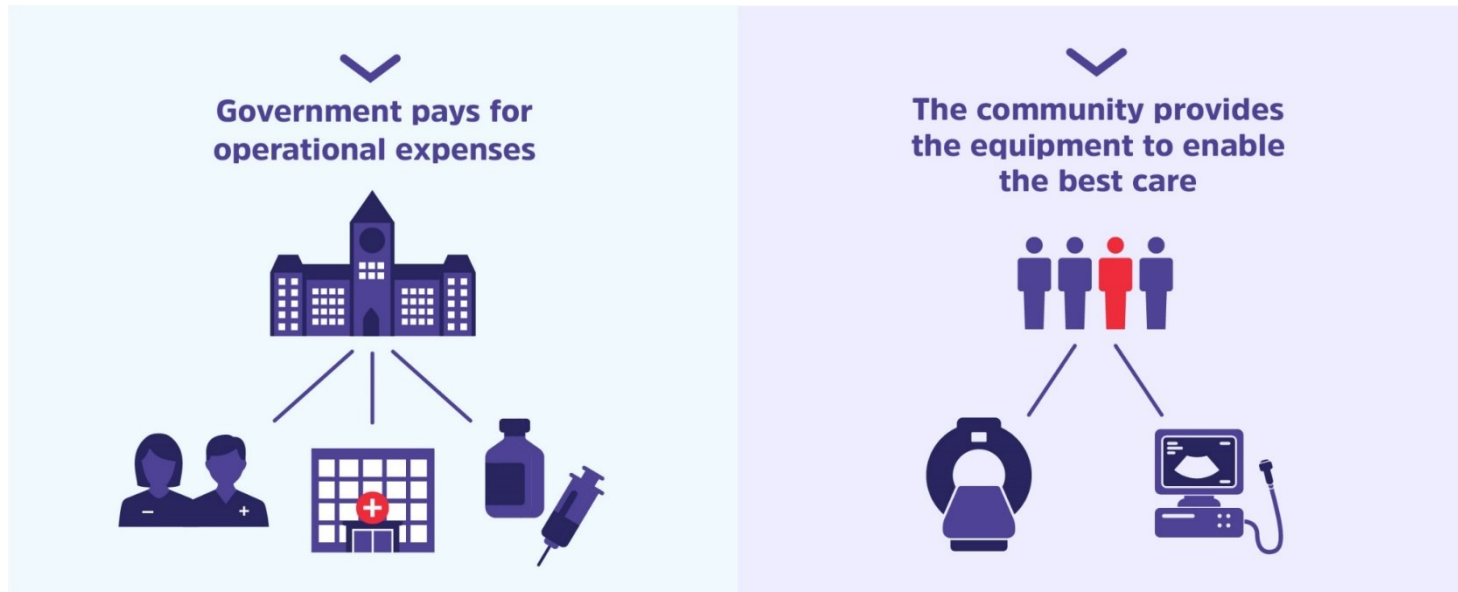

”

It is because of the amazing care at CMH, and access to incredible diagnostic equipment, that I’m looking forward to living a long cancer-free life.

Grateful Patient
Melanie McCallum

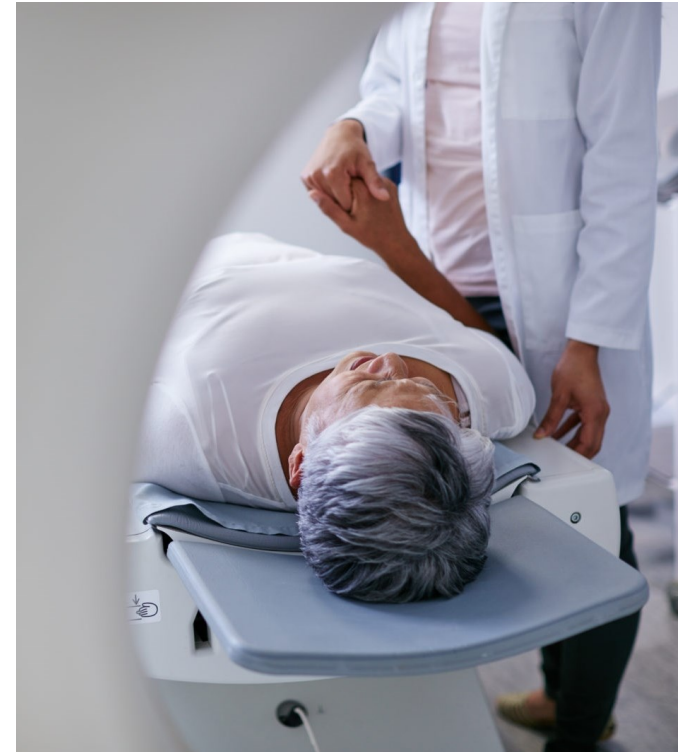

Your Giving Funds Priority Equipment

Capital Funding Priorities Cambridge Memorial Hospital 2022-25

Equipment	Cost
MRI	\$4,450,000
Mammography	\$410,000
Ultrasound	\$235,000

Support from the City of Cambridge Benefits Everyone

Every investment places tools and equipment into talented caring hands at CMH. Your donation helps keep care close to home, for local families as our Hospital continues to expand services.

Today, we are asking for continued support in our request for an investment in the health and wellbeing of our community and our residents.

Specifically, **we are requesting a 1% annual budget allocation** for Cambridge Memorial Hospital.

Liver Clinic opens, with help from LSH Foundation

Access to new liver services at CMH means that patients from Cambridge no longer need to make the a long commute to receive specialized treatment and prior or post transplant care.

In October, CMH celebrated the opening of our Regional Liver Health Clinic. Donor investments can be a catalyst for bringing essential services closer to home, or ensuring that they remain close by.

Together, we make it possible

Your gifts have an incredible impact on the lives of your neighbours, friends and family. Because of you, Cambridge Memorial Hospital has a bright future.

It is our sincere hope that that you will continue to make a tremendous difference in the lives of others by renewing your support.
