Hello,

I was informed to send my opinion to my city council.

I read about the idea of bringing those eye sore bottle opener fountains back to life. And I love the idea.

I've attached a photo of what they COULD look like and feel free to use this photo or recreate your own.

I know the real thing won't look exactly like the picture but it gives people an idea of how beautiful we could make our city. It's a proven fact that nature and foliage are good for mental health and I think that's what we need more of in today's times.

Please if this has been sent to the wrong email, to forward to whom it belongs.

Thank you.
