Re: Pedestrian Improvements and Parking/Stopping Restrictions on Brooklyne Road

Dear Jason,

Student Transportation Services of Waterloo Region (STSWR) enthusiastically supports the proposed pedestrian improvements and parking/stopping restrictions on Brooklyne Road as outlined in your letter to residents dated May 12, 2022.

The proposed enhancements will improve pedestrian access significantly for students accessing the school from the Brooklyne direction. We are especially grateful that City and WCDSB staff have developed inventive solutions on each of their properties to provide cohesive infrastructure in a collaborative effort to address safety issues that have been difficult to solve in a space that inhibits the placement of traditional interventions.

The proposed solutions will certainly increase parents' level of comfort with the school commute at St. Peter CES and help to set forth a stronger culture of active school travel in the coming years.

Sincerely,
Student Transportation Services of Waterloo Region

Leslie Maxwell, MAPW
School Travel Planning Supervisor
