

Requesting placement of a School Bus Loading Zone along the frontage of St Gregory C.E.S., 34 Osborne St, Cambridge.

- This is currently a designated walking school, however there are Special Needs buses, Board hired taxis that service the school daily. Additionally, there are stops located at the school frontage for other feeder schools and the school hires buses for charters supporting events and sports.

- We would be requesting School Bus Loading Zone signage to be placed along the school frontage, from the boulevard at the staff parking entrance, extending to the boulevard just past the walkway, but not including the gated access.
