Dear Premier Ford:

Re: "Catch and Release" Justice is Ontario

At its September 6, 2023, Regular Council Meeting with Closed Session the Council for the Town of Midland passed the following Resolution:

That the Town of Midland send a letter to the Federal and Provincial Governments requesting meaningful improvements to the current state of "catch and release" justice in the Ontario legal system. Police Services across Ontario are exhausting precious time and resources having to manage the repeated arrests of the same offenders, which in turn, is impacting their morale, and ultimately law-abiding citizens who are paying the often significant financial and emotional toll of this broken system; and

That this resolution be sent to other Municipalities throughout Ontario for their endorsement consideration.

Thank you.

truly,

MOVED BY: Councillor Maynard

WHEREAS the Municipality, in support of the Quinte Conservation Authority, actively supports the Source Water Protection Program, as part of local efforts to implement the Clean Water Act, 2006 and its regulations to protect local municipal drinking water sources;

Re: Strong Mayor Powers

Dear Premier Ford and Minister Calandra

Please be advised at the regular meeting of the Western Ontario Wardens' Caucus held on October 13, 2023, the following resolution was passed:

Moved by M. Ryan, seconded by B. Milne:

THAT item of correspondence 7-1(b) be received; and

WHEREAS the Western Ontario Wardens Caucus Inc. (WOWC) is a not-for-profit organization representing 15 upper and single tier municipalities in Southwestern Ontario with more than one and a half million residents;

AND WHEREAS the purpose of WOWC is to enhance the prosperity and overall wellbeing of rural and small urban communities across the region;

AND WHEREAS the Strong Mayors, Building Homes Act, 2022, S.O. 2022, c. 18, for select municipalities, transfers legislative responsibility from the deliberative body of the Council to the Head of Council;

AND WHEREAS the Better Municipal Governance Act, 2022, S.O. 2022, c. 24 provides for provincially appointed facilitators to assess the regional governments to determine the mix of roles and responsibilities between the upper and lower-tier municipalities;

AND WHEREAS the Building Faster Fund arbitrarily ties housing supportive funding to municipalities that establish a housing target based solely on population size;

AND WHEREAS "responsible and accountable governments with respect to matters within their jurisdiction;

AND WHEREAS overcoming the housing and affordability crisis in Ontario requires sustained, strategic, and focused efforts from all levels of government, informed from the expertise of all levels of government.

NOW THEREFORE BE IT RESOLVED THAT WOWC calls on the provincial government to work with municipalities in Ontario, as a responsible and accountable level of government, to focus all efforts on tackling the housing and affordability crisis in Ontario by:

Revoking existing 'strong mayor powers' and not implementing legislation that transfers legislative responsibility from the body of Council to the Head of Council.

Respecting spheres of jurisdiction, recognizing that municipalities are best positioned to determine the mix of roles and responsibilities between upper and lower-tier municipalities and only conduct structural and service delivery reviews of municipalities or regions where a majority of municipalities included within the region, request the same.

Recognizing rural and small urban municipalities are critical to overcoming the housing and affordability crisis in Ontario and not allocating the majority of scarce provincial housing supportive funding to a limited subset of large urban municipalities in Ontario.

AND THAT WOWC calls upon the provincial government to provide all municipalities with the financial resources to tackle the housing and affordability crisis in Ontario that is pricing too many people, especially young families and newcomers, out of home ownership, while amplifying socio-economic disparities and reliance on municipally provided human services;

AND THAT this resolution be forwarded to the Association of Municipalities of Ontario for support so that the future governance of our communities is in the hands of its constituents;

AND THAT this resolution be forwarded to: the Minister of Municipal Affairs and Housing and the Premier of Ontario; WOWC Members; the EOWC, and all WOWC area MPs and MPPs. - **CARRIED**

Re: Leave to Construct Threshold

Dear Minister Smith,

On October 13, 2023, the WOWC passed a resolution in favour of the Government of Ontario updating the LTC cost threshold from \$2M to \$20M for hydrocarbon lines (by amending Ontario Regulation O.Reg.328/03) while maintaining current requirements and expectations for Indigenous consultation and environmental review for projects greater than \$2M and less than \$10M.

Western Ontario has seen significant growth in the past decade with pressures to build out the gas pipeline network. Many municipalities in our region have lost major investment opportunities because of the delays in getting natural gas to development sites. Any person or company planning to construct hydrocarbon transmission facilities within Ontario, must apply to the OEB for authorization, if the projected cost to build the pipeline is over \$2 million, a threshold that was set in 1998.

Industry proposes updating the LTC cost threshold from \$2M to \$10M for hydrocarbon lines (by amending Ontario Regulation O.Reg.328/03) while maintaining current requirements and expectations for Indigenous consultation and environmental review for projects greater than \$2M and less than \$10M. Increasing the cost threshold to \$10M would closer align Ontario with other Canadian jurisdictions (e.g., in B.C., these thresholds are \$15M for electricity and \$20M for natural gas). The WOWC is recommending a \$20M threshold for our Province to be competitive with other Canadian jurisdictions.

Ontario's outdated regulations are causing the LTC to apply far more broadly than intended when it was established over 20 years ago. Due to increased regulatory and cost pressures, as well as inflation, virtually all gas pipeline projects are now greater than \$2M rendering the threshold meaningless. Roughly 0.5 KM pipe in urban settings now often exceed the \$2M threshold.

Examples of businesses lost in the region due to the regulation include;

- EV Battery Manufacturer, investment of \$1 Billion
- New Distillery
- 2 New Agricultural processing plants - \$140 million total investment
- New Agricultural plant - \$225 million USD investment

Modernizing these outdated regulations would reduce delays and costs for economic development initiatives including new industries seeking to locate in Ontario and create jobs (or existing seeking to expand), transit projects, community expansion projects, housing developments, connections for low carbon fuel blending (e.g. renewable natural gas, hydrogen) as well as residential and business customer connections.

The WOWC supports an increase in the Leave to Construct threshold to \$20M.

Sincerely,

A handwritten signature in cursive script that reads "Glen McNeil".

REGULAR COUNCIL MEETING

RESOLUTION

Tuesday, November 7, 2023

Resolution # RC23265	Meeting Order: 10
Moved by: [REDACTED]	Seconded by: [REDACTED]

WHEREAS Canada has 90,000 volunteer firefighters who provide fire and all hazard emergency services to their communities; in addition, approximately 8,000 essential search and rescue volunteers respond to thousands of incidents every year; and

WHEREAS many of these individuals receive some form of pay on call, an honorarium, or are given some funding to cover expenses, but they do not draw a living wage from firefighting; and;

WHEREAS without volunteer firefighters and search and rescue volunteers, thousands of communities in Canada would have no fire and emergency response coverage; and;

WHEREAS in 2013, the federal government initiated a tax credit recognizing these individuals, and calling on the federal government to increase this tax credit from \$3,000 to \$10,000; and;

WHEREAS volunteer firefighters account for 71% of Canada's total firefighting essential first responders;

- The tax code of Canada currently allows volunteer firefighters and search and rescue volunteers to claim a \$3,000 tax credit if 200 hours of volunteer services were completed in a calendar year;
- This works out to a mere \$450 per year, which we allow these essential volunteers to keep of their own income from their regular jobs, \$2.25 an hour;
- If they volunteer more than 200 hours, which many do, this tax credit becomes even less;
- These essential volunteers not only put their lives on the line and give their time, training and efforts to Canadians, but they also allow cities and municipalities to keep property taxes lower than if paid services were required;

p.2...

The Corporation of the Municipality of Wawa

REGULAR COUNCIL MEETING

RESOLUTION

- It would also help retain these volunteers in a time when volunteerism is decreasing.

THEREFORE BE IT RESOLVED THAT the Council of the Corporation of the Municipality of Wawa call upon the Government of Canada to support Bill C-310 and enact amendments to subsections 118.06 (2) and 118.07 (2) of the Income Tax Act in order to increase the amount of the tax credits for volunteer firefighting and search and rescue volunteer services from \$3,000 to \$10,000; and;

FURTHERMORE THAT a copy of the resolution be shared with the Association of Fire Chiefs of Ontario, Algoma Mutual Aid Association, Association of Municipalities of Ontario and all Ontario municipalities.

RE: Requesting your support for Bill 21, Fixing Long-Term Care Amendment Act (Till Death Do Us Part), 2022

September 25, 2023

Dear Mayor Kasenberg,

I am writing to you today to share an update on Bill 21, Fixing Long-Term Care Amendment Act (Till Death Do Us Part), 2022, and to request your support for this important legislation.

Bill 21 amends the Residents' Bill of Rights set out in section 3 of Fixing Long-Term Care Act, 2021 by adding the right of residents not to be separated from their spouse upon admission but to have accommodation made available for both spouses so they may continue to live together.

The Act was inspired by Cambridge resident Jim McLeod, who will have been separated from his wife of 65 years Joan, on September 17, 2023. Nearly 6 years later, Jim continues to champion spousal reunification. He often says that he will talk to anyone and has two giant binders full of his advocacy work on the Bill. Last week, he told me that his heart is breaking because of his separation from Joan. He has brought other seniors who are separated from their spouses into the advocacy – you cannot sit with these folks for any amount of time and not care deeply about this legislation.

I know that you value the many contributions that older adults have made to Waterloo Region, and care deeply that they can live their final years with dignity and love. **I am hoping you will consider bringing a motion forward to your Council, in support of the Till Death Do Us Part Act.** Your support will help us to keep attention on this important legislation, so that it can finally be called to the Standing Committee on Social Policy – one step closer to Royal Assent.

I would be happy to discuss the Bill with you further, via phone call or an in-person meeting at your convenience. Thanks in advance for considering my request.

Sincerely,

Catherine Fife, Waterloo MPP

BACKGROUND:

On November 15, 2022, the Till Death Do Us Part Act, passed second reading in the Ontario legislature after being [introduced for the third time in September 2022](#). The bill was then referred to the Ontario Legislature's Social Policy Committee. You can view highlights of the second reading debate here: <https://www.youtube.com/watch?v=mYRlgQgDe2k>

I have been pushing for the Standing Committee on Social Policy to schedule a time to begin the work of reviewing Bill 21 since November 2022. **Today marks 286 days since the Act passed second reading at the Legislative Assembly of Ontario.** Unfortunately, the Bill has yet to be called to committee.

Bill 21, which was formerly Bill 153 and 95, respectively, had passed second reading and was sent to the Justice Committee in December 2019, but was wiped off the order paper when Premier Ford prorogued the house in 2021. It was reintroduced early 2022 but did not have time to progress before the election.

Since I first introduced this Bill in 2019, the number of people who've reached out to my offices with heartbreaking stories of couples entering long-term care who are torn apart has skyrocketed. Simply put, Ontario seniors deserve dignity in care and should have the right to live with their partner as they age. Of note, Nova Scotia passed similar legislation, titled the [Life Partners in Long-Term Care Act](#) in 2021.

Following many meetings with stakeholders, it's clear that "care campuses" which offer different levels of care (independent, assisted living and long-term care) are the progressive model for investing in quality care for Ontario's aging population. Care campuses are an essential element to keeping couples together as they often age at different rates. This level of choice has been brought to my attention as especially important to rural and northern municipal leaders across Ontario. The care campus model for seniors housing that builds different levels of care has unique financial savings that will be critical as we grapple with a rapidly aging province.

We need the Bill to be called to the Standing Committee on Social Policy as soon as possible. We know that couples who are separated across Ontario cannot wait any longer for this legislative change to be made.
